No Strike To Be Called

FAIRY TALE PROVES AS EXPECTED: UNTRUE

Denial was made last night by the Rev. P. E. Peterson president of the Good Government that, the League had obtained or was obtaining any information against the Six Bells Cafe near Rust and Sullivan's Cafe at Stege Junction. An evening publication blazed away with a "sensational" fairy tale that private detectives working in cooperation with the League had secured evidence against the two places.

"The League has taken no action on these two matters," said the Rev. P. E. Peterson last night. "We have received no unfavorable reports as to the conduct of these places and while we do not favor cafes, the League has no intention of fighting against any particular place unless we are sure they are violating the law."

The state health board will meet at the Fairmount school tomorrow in conjunction with Dr. Charles R. Blake, local city health commissioner and scientists from the University of California.

"The situation is now really serious," stated Constable Davis last night, "However, just how serious it is will not be determined until the investigation next Monday."

According to reports from Rust, the parents of numerous pupils are keeping the children from school fearing that they will "catch" the disease.

SAYS ENGINEER MADE MISTAKE

Attorneys for Henry Cutting charge that the paving of Richmond avenue east of the Santa Fe main line was laid on private property and not upon the street, in their fight against the paying a payment assessment to the Worswick street paving company. Cutting endeavoring to invalidate the proceedings claiming that the city engineer's survey lines on the street are wrong and that the land is assessed for more benefits than it receives. City Engineer Chapman strenuously denied the allegations. Chapman will be on the stand when the case is resumed tomorrow.

Fifteen thousand dollars was the reward received yesterday by Marvin Daw, formerly connected with the martinez Abstract & Title company for a little vigilance he displayed while in the employ of C. G. Bacon.

DECKHANDS WITHDRAW COMPLAINT: TO MEET IN A MINOR SESSION IN OAKLAND TOMORROW

There will be no strike of the carmen's union. At a special meeting of the executive committee held last night in Oakland the carmen decided not to strike. The two men over whom the strained relations existed withdrew their complaint and as this was the only stumbling block in the path of the company and carmen the decision to settle amicably was given.

Tomorrow representatives of the company and a committee from the carmen's union will meet to settle several other minor matters. These however, are of no importance and the strike which was apparently impending will not materialize.

The traction company yesterday took out permits from the city and Building Inspector Bert Orndorff for the erection of bunk houses on their property here. This it was thought, was a sign that a strike would be called, and that the company was making arrangements to transport men to take the strikers places.

However, as published in the Daily News, the "strained relations" between company and men have been for the most part "newspaper sensations."

WHAT INDUSTRIAL RELATIONS COMMISSION REPORT SHOWS

Of the millions of workingmen in the country, one third are poverty-stricken.

Thirty-seven per cent of wives and mothers of workingmen are forced to do hard work themselves to help keep the wolf from the door.

Five hundred dollars per year is the income of half of the wage-earning fathers.

Less than $15 per week is the wages of two-thirds of the adult male workers.

Nearly-half of the women workers earn less than $6 per week.

Three or more persons occupy every sleeping room in 37 per cent of the workers' homes.

Babies of the poor die three times as fast as those of the rich.

Nearly 20 per cent of the school children of this country are underfed and undernourished.

One out of every 12 corpses in New York is buried in the potters' field.

Economic pressure forces two-thirds of all children to leave grammar school before graduating, and only 10 per cent finish high school.

Farm tenancy is increasing at an appalling rate. Landlordism is therefore increasing at an appalling rate.

Workers in gasic industries are out of jobs one-fifth of the time.

There are 44 families with incomes equal to the earnings of 100,000 workingmen.

The "rich," 2 per cent of the people, own 60 per cent of the wealth of the nation.

Sixty-five per cent owns less than 5 per cent.

Industrial conditions are responsible for our largest crime problems.

Labor and living conditions in this country are such today that immigrants only come from Italy, Russia, Austria-Hungary and other "backward" nations of Europe.

Capital organizes, and labor for its own protection must also organize. Every man has a right to the fruits of his own labor, and this right must be defended by all that is sound in industrial economy. The labor issue involves the whole scheme of competition, which in turn includes self interest and selfishness. The combination of Labor is an epedient pending the time when the whole industrial system will be established along the lines of the Golden Rule.

Wherever the wheels of industry are in motion, there the beneficient influence of trade unionism is an important factor. It enfolds the masses of toil oblivious to disparities of creed or color, sex or nationality; its ideal is the brotherhood of man, toward which it attains by the betterment of Society as a whole, because its methods strike most directly at the evils of our time. It is the greatest force in our political and industrial structure of today.

The Nicholl Offer

Following is the substance of John H. Nicholl's offer of a city hall site to the people of Richmond, and an offer of the necessary money to erect a suitable building for city hall purposes on the site, as taken from the original document in the city clerk's office, the same having been filed with the city clerk on May 11, 1914, and extended at various times by John H. Nicholl and the John Nicholl Company. The offer is still in full force and effect:

Thirty-four lots in blocks numbers four and fourteen, as said lots and said blocks are delineated and designated upon the map of the "Nicholl-Macdonald Avenue Civic Center Tract," recorded in the office of the county recorder the 29th day of October, 1912. The conveyance of said lots to the city is absolutely unrestricted except that the conveyance depends on the fact that the city of Richmond shall locate on the said premises its permanent city hall, and that the premises and building shall be used and occupied by the city of Richmond as a permanent city hall, and for the use of the regular municipal offices of the city of Richmond.

The offer also provides that the city may enlarge said building or construct such other and additional buildings on the premises as may be necessary for municipal purposes from time to time.

John H.Nicholl in his offer agrees to erect and construct on the premises, at his own cost and expense, and without cost or expense to the taxpayers of the city of Richmond, and in conformity with the plans and specifications to be approved by the officials of the city of Richmond, an adequate and modern city hall, at a cost of $25,000.

That on the completion of the city hall on the lots heretofore mentioned that the city shall occupy and use the building and premises, as its permanent city hall for a period of not less than ten years after the completion and occupancy of same, and use and occupy the premises and building for ordinary municipal purposes in conjunction with any other municipal building which said city may construct upon said premises.

The offer contains a clause whereby should the city at any time within ten years, voluntarily cease to use and occupy the premises and building thereon as a city hall, then in that event the said premises, together with all improvements thereon, shall revert and become the property of John Nicholl.

So it will be seen that John Nicholl's offer is not hedged in by any indefinite terms, and should the electors of Richmond vote to accept the same, they will get a site and a city hall without absolutely any cost to them. The taxpayers will not be called upon to pay one cent additional in taxes for city hall purposes.

This Nicholl site is situated on the Oakland Traction Company's line near 23rd street, and within a few minutes' car ride from the more distant parts of the city. Contrast this location with the inaccessible and distant site out on the Harbor Center Land company's tract away from street car transportation and to which point the jitneys charge twenty-five cents fare.

John Nicholl's offer is marked No. 1 on the ballot.

Wall's Offer

Wall's offer to the people of Richmond as appears from the original documents on file in the city clerk's office, taken in the order in which they appear on the official sample ballot issued by the city clerk, are in substance as follows:

FIRST: The Harbor Center Land company offers to donate to the city of Richmond the sum of $4,000 for the erection of a city hall building on land donated by the said company to the city provided THE CITY OF RICHMOND APPROPRIATE AN EQUAL AMOUNT TO BE USED IN DEFRAYING THE EXPENSES OF BUILDING SAID CITY HALL.

SECOND: The Harbor Center Land company agrees to deed to the city of Richmond thirty-six lots in Block twenty-five as delineated upon the map, "Wall's Harbor Center Tract." The condition of this grant to the city is that the city of Richmond shall, within five years from the date of the deed, construct an adequate city hall on the premises, that the said land shall be used exclusively for the purpose of building and erecting thereon a city hall; that at the expiration of a period of ten years from the date of the commencement of the occupation of said property by the city the title of said property shall vest absolutely and without limitations or conditions to the city of Richmond; that upon the breach of said conditions the property shall revert back to the original grantor.

THIRD: On May 18, 1914, George Wall submitted to the city an agreement in substance as follows:

That the city of Richmond, within thirty days from the date of signing the said agreement, prepare and adopt the necessary plans and specifications for the construction of a city hall to cost not to exceed the sum of $15,000; upon the receipt of a copy of such plans and specifications so adopted the Harbor Center Land company agrees within fifteen days to commence the erection of a city hall, and to fully complete the same not later than Sept. 30th, 1914.

And said city hall to be erected upon block twenty-five, "Wall's Harbor Center Tract"; upon the completion of said city hall the city of Richmond agrees to immediately take possession thereof, and to thereafter use and occupy the same and to maintain therein its municipal offices;

AND THE CITY OF RICHMOND AGREES TO PAY THE HARBOR CENTER LAND COMPANY FOR SAID CITY HALL THE SUM OF $185.00 IN MONTHLY PAYMENTS, COMMENCING WITH THE FIRST DAY OF OCTOBER, 1914, SAID PAYMENTS TO CONTINUE UNTIL THERE SHALL HAVE BEEN PAID TO THE HARBOR CENTER LAND COMPANY THE SUM OF $13,320.00, GOLD COIN; upon the receipt of said sum of $13,320 the Harbor Center Land Company agrees to make, execute and deliver to the city of Richmond by a good and sufficient deed of conveyance the said city hall building to the city of Richmond, free and clear of all liens and encumbrances, subject, however, to the conditions set forth in the agreement.

The city of Richmond, under this agreement, has the right to pay off the indebtedness at any time in advance to the Harbor Center Land company and receive a discount of seven per cent upon any moneys due and owing Wall's company.

The agreement also provides that the same may be terminated upon any violation of its conditions on the part of the city of Richmond, and that all property shall revert back to Wall's company.

It is further stipulated in the agreement that if the actual cost of construction of the said city hall building shall be less than $15,000, then in that event the monthly payment will be reduced proportionately.

The city of Richmond is bound under the agreement of Wall to carry and pay the insurance on the building in the sum of $10,000, for a period of ten years, loss, if any, payable to Harbor Center Land company.

The agreement set forth is in substance the proposition marked No. 4 as it appears on the sample ballot.

This agreement was signed by the mayor pending final determination by the court of the right of the citizens to select their own city hall site.

GREAT DIAMOND BATTLE TO BE STAGED AT LOCAL PARK TODAY; ELKS HAVE THE EDGE

Petaluma	Position	Richmond
HOLLIS	Pitcher	GORDON & BURNS
McDONOUGH	Catcher	CLEEK
RYAN	First Base	INGRAHAM
COHEN	Second Base	CHRISTENSEN
GUIGINI	Third Base	BENN
FITZSIMMONS	Short Stop	CONGER
CULLEN	Left Field	CUNNINGHAM
KILLILAY	Center Field	DANIELS
MELCHOIR	Right Field	WOODBURY

Today is Petaluma-Richmond day at Richmond. A celebration of gigantic proportions will be held in Mr. William Emery Luce's Park at First street and Macdonald avenue, commencing at 2: 15 o'clock. An hour prior to that, fans and suffragettes from the warring cities will wend their way Luce parkward. Each and every one of the citizens will be gathering for a purpose. Richmond fans will be gathering for two purposes. Petaluma fans for one. Petaluma fans want to see the Richmond Elks, logical champions of the bush of the state walloped.

Richmond citizens will want to see Petaluma trounced and they want to see Mr. Denny Jehosaphat Healey. The local fans will probably have their desires fulfilled in both instances.

Healey will bring down his best. The famous manager has distributed duckets with all nonchalance of a man having a noose tied around his neck. If there is any way of bringing home the bacon. Healey will bring it home. The contest will without a doubt be one of the greatest ever witnessed in bush baseball this season. The rivalry between Richmond and Petaluma is recognized as bordering close to actual warfare and while the writer does not wish to intimate that any of the assembled fans with the exception of himself are liable to be scattered over the surrounding scenery, we do wish to make it known that this is a contest which both cities would hook the city hall to be a sure victory.

So far, Richmond and Petaluma fans have always displayed the gen. honest to goodness sportsmanship which makes baseball the national pastime and any timid lady or gentleman is hereby notified that he or she is not liable to any serious damage at the park.

Of course, there will be some real hot rooting, but that's what every real fan likes to see. The Richmond Concert Band will be on the job and will toot a few of the latest selections.

Healey phoned last night and stated that probably 500 would make the trip from Petaluma. At least 1,500 should be present from Richmond as there are no counter attractions for the day. According to a report received last night from Martinez 200 Cave Dwellers will visit civilization today and be present at the game. The Martinez boys will of course root for Richmond.—not.

Well, as we are scheduled to trim this gang next Snuday, they can hardly be blamed for rooting against the locals.

Luce has made special seating arrangements and the fans can look forward to a large afternoon. Gordon will officiate on the mound for Richmond and will be opposed by Mr. Babe Hollis.

The infant is going in good shape and so is Frank. It will be pitchers battle and at 6 o'clock this evening, one city will be a scene of rejoicing and the other will be saturated with gloom.

Get out trinds and root. You're needed.

The Handsome Fan contest is certainly opening under very favorable conditions. That the contest will exceed from a point of heated rivalry that of the previous contest. Herman Tuller, winner of last season's title will have no easy field to beat and it is very doubtful from present indications whether he will get by. It is understood that Carlton Evangeline Stetson, "runner up" in the former contest will have a large number of Standard Oil men nominated to split Tuller's vote. Tuller it is understood will bring the entire gang at the city hall into the fight. The Southern Pacific, Santa Fe, Carmen, A. O. O. S. and other organizations will be represented. George T. Griffin, Past Master S. of the A. O. O. S. was nominated yesterday. The Standard oil men in the fight are: Harvy Ivory, asphalt plant; John Bell, filter department; Harry Hulin, parafine agitator; Harry Gordon, barrel house; Bill Scarey, barrel house; D. Dittemore, barrel house; O. L. Ripley, barrel house; Morris Dicley, long wharf; Harry Young, auditor; Joe Hal, stewart; George Cheney, pump house; Julio Toneri, G. B.
